

Suixtil opens its first store!

Suixtil
at life speed

The entire **Suixtil** team is delighted to announce the next major milestone in its ongoing development with the opening on March 12, 2009, of its first retail presence in Hong Kong, where the whole team is based and from where it hopes to be better able to serve the thriving classic car community.

Aligned with the strategic vision to offer to the aficionados both an opportunity to reunite with an endearing past at every driving opportunity and to also live their passion everyday with a brand that meets their exacting expectations of quality and comfort, the new store layout, displayed above, will present the full range of the Heritage and Contemporary collections in a tasteful and well-appointed setting.

Vincent Metais, of **Suixtil**, stated “this first -of what we hope many more stores- is a great opportunity for us to showcase both our great product line-up and a retail solution that we believe represents a winning formula for potential distribution partners. It is both easy to set-up and consistent with the brand positioning. It is also –first and foremost- a tremendous chance to get passionate people, with a material discretionary spending power, back in the stores.”

The team will continue presenting exciting developments on our website at www.Suixtil.com under the NEWS section, and certainly looks forward to welcome all visitors and interested parties in their new shop in shop at:
